Information for users of RxDME2000 and DMEFree

RxDME2000 version 2.14 Upgrade Available!

The latest upgrade for RxDME2000 HME billing system is now available—Version 2.14.

You must be using version 2.0 or greater, go to your Utilities menu and click Check for Updates. If you have difficulty email your Rxdme2000 version to support@dmefree.com for assistance.

Enhancements include:

- ◆ Automatic Reconcile Medicare ERN Reconciliation! You download your ERN data by check date, import it into Reconcile, get reports on results, status, what to resubmit, what to close out.
- ◆ Integrated Real-Time Medicare Eligibility Module (by subscription)
- ◆ An Imaging module. Scan Images and Documents into searchable database and store large text documents for virtually unlimited notes.
- ◆ A free web based server tool to allow your sales people web access to your patients data and claims (they can look but not touch).
- ◆ Improved import / export module

And many fixes and functions added.

DMEFREE USERS SEE UPGRADE INFORMATION in the next column

Short Subjects

Our **Real-Time Eligibility** service is available for both DME-Free and RxDME2000. This module allows you to check if a patient is Medicare part A or B eligible and if they have met their deductible in under 10 seconds. This is a subscription service.

As a reminder Claim processing customers have 3 ways to pay their monthly per claim charges. We accept major credit cards such as Visa or MasterCard. We can bill thru Pay Pal which allows you to use any funding source you approve of. And we can send Invoices due net 30 days. The first two options are easier for all, consider switching to credit card or pay pal payments.

Everyday clients call and say 'I didn't know you could bill that plan?' in fact we can bill hundreds of **Medicaid's, Blue Cross and Commercial** payors such as US Healthcare, Cigna, Amerisource. Check out our listings at www.dmefree.com/plans_we_bill.htm

DMEFree users, we can print your **Paper Claims** for those plans you don't want to file electronically. Only \$1.00 per claim including postage!

Special Limited Time Upgrade offer for DMEFree Users!

Many DMEFree users businesses have grown to a point where they could use the many features of our bigger RxDME2000 system. To celebrate our release of version 2.14 we are offering a limited time special to allow DME-Free users to upgrade to RxDME2000. The upgrade price is \$1900.00 that is \$600.00 off our regular price! This upgrade includes the RxDME2000 Module and all sub modules; AR, Reconcile, Automatic Rental Renewal, Imaging, Automatic Reconciliation, Webview server and 4 hours of support. Remember all of our software is multi-user at no extra charge and we can upgrade your data files so there is no 'starting from scratch' Contact our office with your questions or concerns.
