

At the main menu

Click Register Software

Or Click Help Menu then Register Software

1. Enter TEMP CODE

All Capital letters into the field **Company:**

2. Leave **Serial Number** field Blank

3. **Copies** should be set at 2

4. Leave **Counter** at 0

5. Click **Level** option field **Standard** (looks like a Bulls eye)

6. Click on **Activation Code:** enter the Activation code exactly as it is on the sheet i.e. All Capitals with dashes

7. You should get an Activation Code successful box

8. If still fails check that the date on your computer is correct by clicking on the DATE/TIME in the Windows task bar.
